

Domaine Christian et Karine Lauverjat

Loire Valley, France

The Lauverjat family has been making Sancerre wine for many years, in the heart of the village of sury-en-vaux, known as "Le sourire la vallée" (the smile of the valley).

Brought up to respect the family knowledge, transmitted from one generation to the next, our AOC wines exhibit the fruit and dryness which express the Sancerre terroir, perfectly balancing strength and harmony.

Our Sancerre wine is blended from the grape variety Sauvignon harvested from our different plots. With finesse and complexity, a wonderful expression of its terroir, peat, undergrowth and flint stone. Very fruity, well-balanced, with excellent development and a fresh and persistent palate.

Suggestion: This fresh and fruity white wine should be consumed young. Serve it chilled 11° as an aperitif or to accompany shellfish, fish, white meats. It will keep for 3 years. It is a short-term cellaring wine.
