# QUE GUAPO

Everything You Love About  
Malbec...Only Better

60% Malbec, 20% Syrah, 20% Bonarda

Inspired by the **bold**, beautifully coloured buildings in the La Boca neighborhood of Buenos Aires, *Que Guapo* stands out as an example of fresh new thinking in Argentine wines.

The Name? The fun thing about language is that it can make a name pack a punch. *Que Guapo* embodies the spirit and vision of our wine, encompassing meanings from "You're good looking/attractive!" to "How cool is that!" and even "How Bold or How Clever!" And that's apparent the moment you take your first taste.

Honoring tradition while embracing modernity, *Que Guapo* is a hand crafted wine that blends three distinct grape varieties to achieve a lush, complex, comprehensively flavourful wine. It's then lightly aged in American and French oak leaving the finished wine with fresh, juicy, food-friendly flavours making it indeed a modern wine for today's wine consumers. And one of the best values going. So pick up a couple.
